Journal of Educational Studies in Science and Mathematics

e-ISSN: 2979-9899 Founded: 2022 Period: 2 issues per year

Journal of Educational Studies in Science and Mathematics (JESSM) is an international journal that accepts research and review articles in science and mathematics education. JESSM is a peer-reviewed journal and has a double-blind review. At least two referees review any article submitted for publication in JESSM with expertise in the relevant subject area. JESSM is free and does not charge any fee for any process such as article evaluation and publication. The publication language of the journal is English.

Journal of Educational Research in Science and Mathematics (JESSM) accepts original research and review articles. JESSM publishes two issues per year, in June and December. Authors must submit an ethics committee approval document for articles published in JESSM (only for necessary papers). Please see the submission guidelines/author guidelines for more information.

All responsibilities for the articles published in the journal belong to the authors. The final decision to publish the studies belongs to the Editorial Board.

The following files must be uploaded when applying for an article to the Journal of Educational Research in Science and Mathematics (JESSM).

1. Anonymous Manuscript (Manuscript Template)
2. Ethics Committee Permission
3. Similarity Report
4. Copyright and Author Agreement (Agreement Form)
5. Cover Page with Author Contact Information (Cover Page Form)
